

User Stories

Features:

- As a user, I have a character
- As a user, I want to be able to move my character back and forth across the screen
- As a user, I want a background with a variety of objects
- As a user, my character appears to run and jump like a real person
- As a user, I want the game to have enemies and obstacles
- As a user, I want objects in the game to be dynamic and interesting
- As a user, I can win or lose this game
- As a user, I want to play a well-developed, finished game
- As a user, I don't want the game to be too easy or too difficult
- As a user, I want to see some kind of measurement as to my level of success in completing the game

Bugs:

- As a user, I want the game to flow well
- As a user, I don't want my character to fall through platforms or move erratically
